

**1. More CO<sub>2</sub> in the air**  
**(to the tune of Another brick in the wall by Pink Floyd)**

There's a chance to save creation  
We don't need no Kingsnorth 2  
No dark pollution in the Medway  
Eddie leave that coal alone  
Hey Eddie leave that coal alone  
All in all it's just more CO<sub>2</sub> in the air  
All in all it's just more CO<sub>2</sub> in the air

**Repeat x4**

*Disciples for Justice*

*Hymnal*

### **3. Let Coal Be (to the tune of Let it Be by the Beatles.)**

#### **Verse 1:**

When we find ourselves in climate crisis  
E.On wants to build new coal  
Speaking carbon capture  
Let coal be  
And in our hour of darkness  
Ed is standing right upon the brink  
We're speaking for the planet  
Let coal be

#### **Chorus:**

Let it be, Let it be, Let it be, Let it be  
We're speaking for the planet  
Let coal be

#### **Verse 2:**

And when in Copenhagen leaders  
Speaking for the world will meet  
There must be agreement  
Let coal be  
Although Ed may be tempted  
There is still a chance that he may lead  
Lead us from temptation  
Let coal be

#### **Repeat chorus**

### **8. To the tune of Rescue Me**

Don't use coal  
Oh cause it causes harm  
Don't use coal  
We want some windy farms  
Oh coz its dirty and its old  
Come on eddy  
And please be bold!

Come on eddy and don't use coal  
Come on eddy and don't use coal  
Cause we need you on our side  
Can't you see the climates changing  
Don't use coal!!!

## 9. To the tune of I will survive

**Verse 1:** At first I was afraid, I was petrified  
Kept thinking I could never live  
Without COAL by my side  
But then I spent so many nights  
Thinking how COAL did me wrong  
And I grew strong,  
And I learned how to get along

**Verse 2:** And NOW COAL'S back, from outer space  
I just walked in to find you here  
With that sad look upon your face  
ED should have changed that POLICY  
ED should have made you leave your key  
If I had known for just one second  
you'd be back to POLUTE me

### **Chorus:**

Go on now go, walk out the door  
Just turn around now  
COAL you're not welcome anymore  
Weren't you the one who tried to belch out CO2  
Did you think I'd crumble  
Did you think I'd lay down and die?  
Oh no, not I, I will survive  
Oh as long as I GO GREEN, I know I'll stay alive  
I've got all my life to live, I've got all my love to give  
And I'll survive, I will survive

**Repeat verse 2 and chorus**

## 2. To the tune of He's got the whole world in his hands

Ed's got the whole world in His hands,  
Ed's got the whole world in His hands,  
Ed's got the whole world in His hands.  
Ed's got the whole world in His hands.

Ed's got the earth and sky in his hands;  
Ed's got the night and day in his hands;  
Ed's got the sun and moon in his hands;  
Ed's got the whole world in His hands.

Ed's got the land and sea in his hands;  
Ed's got the wind and rain in his hands;  
Ed's got the spring and fall in his hands;  
Ed's got the whole world in His hands.

Ed's got the young and old in his hands;  
Ed's got the rich and poor in his hands;  
Yes, he's got every one in his hands;  
Ed's got the whole world in His hands.

Ed's got the whole world in His hands,  
Ed's got the whole world in His hands,  
Ed's got the whole world in His hands.  
Ed's got the whole world in His hands.

#### 7. To the tune of My girl

We've got sunshine  
On a cloudy day.  
When it's cold outside,  
We've got the month of May.

Well, I guess you'll say  
How can we fight climate change?  
No coal. (No coal)  
Talkin' 'bout no coal. (No coal)

**Repeat x2**

#### 4. To the tune of Oh happy day

Oh happy day (Oh happy day)  
Oh happy day (Oh happy day)  
When Eddy washed (When Eddy washed)  
When Eddy washed (When Eddy washed)  
Washed all the carbon away (oh happy day)  
Oh happy day (oh happy day)

Ed give us now  
Clean coal  
Right away  
Right away  
And it's got to be one hundred percent  
Right away  
Oh happy day (oh happy day)

## 5. To the tune of When I needed a neighbour

When we needed **a vision**  
Were you there, were you there?  
When we needed **a vision**  
Were you there?  
And the creed and the colour  
And the name won't matter  
Were you there?

When we needed **a fair deal**  
Were you there, were you there?  
When we needed **a fair deal**  
Were you there?  
And the creed and the colour  
And the name won't matter  
Were you there?

When we needed **2 degrees**  
Were you there, were you there?  
When we needed **2 degrees**  
When we needed **2 degrees**  
Were you there?  
And the creed and the colour  
And the name won't matter  
Were you there?

When we needed **CCS**  
Were you there, were you there?  
When we needed **CCS**  
Were you there?  
And the creed and the colour  
And the name won't matter  
Were you there?

When we needed **brave leaders**  
Were you there, were you there?  
When we needed **brave leaders**  
Were you there?  
And the creed and the colour  
And the name won't matter  
Were you there?

## 6. Coal must have a cap on (to the tune of the sun has got his hat on)

Coal must have a cap on  
Hip hip hip hooray  
Coal must have a cap on  
If we're going to save the day.

**Repeat x2**
